

Welcome and introductions

Clara Altobell

VP ESG and Business Innovation, Serica Energy

Emissions Reduction: Shared Challenges/Shared Solutions

What:

- 7 Operator/industry case studies
- 13 Emissions reduction exhibitors
- 70 attendees to collaborate

Why:

- Learn and share knowledge
- Reduce industry emissions

How:

- Ask questions/share experience
- Meet exhibitors
- Network

Case Studies:

Flaring and venting:

Ithaca Energy, TotalEnergies, Harbour Energy

Fuel optimisation on turbines:

Serica Energy /Siemens Energy, Ethos Energy

Digital solutions:

CNOOC/Xodus, ERM/Bumi Armada

Emissions Reduction: Shared Challenges/Shared Solutions

Speaker Programme	
08.15	Arrival, Coffee
08.30	Welcome, introductions and safety briefing. <i>Clara Altobell, VP ESG and Business Innovation, Serica Energy</i>
08.40	Keynote speech by: <i>Matt Neal, Energy Transition Engineering Advisor, Serica Energy</i>
<i>Deployed emission reduction technologies case studies</i>	
09.00	Ithaca Energy – Captain field’s journey to Zero Routine Flaring <i>Alex Johnson, Energy Transition Lead, Ithaca Energy</i>
09.20	Serica Energy and Siemens Energy – Revamp to right size compressors <i>Andy Wood, Rotating Equipment Engineer, Serica Energy & Demi Ademuyewo, UK Offshore Accounts Client Manager, Siemens Energy</i>
09.40	Ethos Energy – Gas Turbine solutions to enhance operational efficiency and reduce emissions <i>Francesco Cardile, Gas Turbine Application Engineer, Ethos Energy</i>
10.00	Technology Showcase & networking (coffee)
<i>Deployed emission reduction technologies case studies</i>	

Emissions Reduction: Shared Challenges/Shared Solutions

<i>Deployed emission reduction technologies case studies</i>	
11.00	ERM and Bumi Armada UK - Driving energy & emissions performance on the Armada Kraken. <i>Chris Ayres, Chief Customer Officer, ERM, & Dr Helen Drewery, HSE Manager, Bumi Armada UK</i>
11.20	Xodus and CNOOC – Digital Emissions Reduction Action Planning: CNOOC Case study <i>Simon Marshall, Lead Process Emissions Engineer, Exodus & Laura Reid, Senior Net Zero Specialist, CNOOC</i>
11.40	TotalEnergies - Implementing Elgin Flare Gas Recovery and Vent Reroute <i>Alex Mshelbwala, Elgin FGRS Project Leader & Louise Oatey, Emissions Reduction Leader</i>
12.00	Harbour Energy - Armada Eductor: Emissions Reduction in Late Life Operation <i>Cameron Taylor, Energy & Emissions Optimisation Engineer, Harbour Energy</i>
12.20	Feedback from the floor – what are the remaining challenges?
12.30 – 13.30	Technology Showcase & networking (lunch)

Exhibitors

Exhibitors

Fuel efficiency: 4, 8, 2, 11, 12

Sudelac, Ethos Energy, Fugro, Siemens Energy, SeaTwirl

Fugitive emissions: 7, 6

KCI, Oxford Flow,

Digital/AI emissions: 1, 3 10, 13

Novatech, Asset 55/Score, Xodus, ERM

Flaring and venting: 9, 5

HiiROC, Stats Group
